

Membership Prospectus 2024

Poultry Hub Australia

A young white chick is the central focus, standing on a bed of straw. It is looking upwards towards a yellow water dispenser. The background is softly blurred, showing other chicks and the interior of a poultry house. The lighting is warm and natural.

**“The profound impact
of Poultry Hub Australia
extends beyond research,
shaping the future of poultry
farming with a commitment
to excellence, education,
and industry-wide
advancements.”**

About PHA

Poultry Hub Australia (PHA) is a nonprofit organization situated at the University of New England in Armidale, NSW. **PHA finances research dedicated to addressing challenges within the Australian Poultry Industry**, emphasizing a collaborative approach for swift and effective solutions.

Sharing Knowledge

Through investing in research PHA is generating new ideas and knowledge that is disseminated directly to industry. PHA led workshops and training further enhance knowledge sharing.

Building Capacity

PHA supports industry internships, scholarships and promotes the poultry industry in high schools and universities with the intention to build industry capacity for the future.

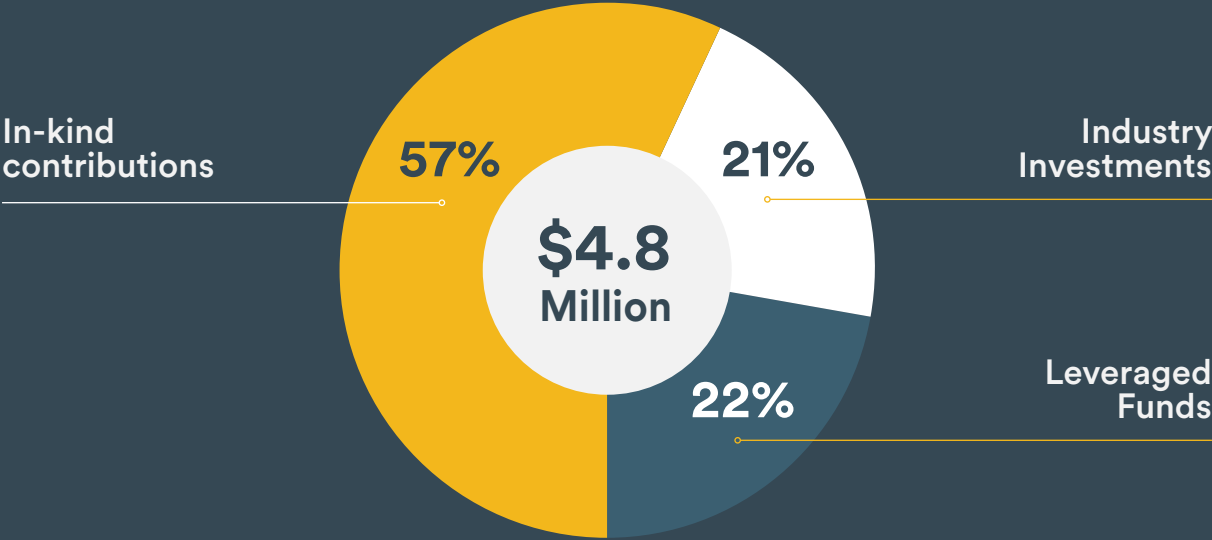

Creating Connections

PHA provides opportunities for industry and researchers to connect through organised annual events, facilitated workshops with the aim to develop ideas for future projects.

Since forming in 2017 PHA has delivered:

- 6 Ideas Exchange Conferences
- 6 PoultryGRAD Conferences
- 22 Workshops
- 43 Applied Research Projects
- 73 Scientific Publications
- 42 Educational Events
- 20 Scholarships and Internships

PHA has supported 28 open call research projects tailored to meet the specific demands of the Australian poultry industry with a total investment of \$4.8 million dollars.

What your membership supports

Your membership funds will be used to continue to support the Australian Poultry Industry through PHA events, workshops, research outputs, educational programs and scholarships.
